Dorsey, Chief Special Master:

On May 31, 2017, petitioner filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*,² (the “Vaccine Act”). Petitioner alleges that she suffered severe left shoulder pain immediately after receiving the influenza vaccine on October 5, 2016. Petition at 1, ¶¶ 5-6. Petitioner further alleges that she suffered the residual effects of her injury for more than six months and has not filed a civil action for her injury alleged as a Table SIRVA injury. *Id.* at 1, ¶¶ 15, 17. The case was assigned to the Special Processing Unit of the Office of Special Masters.

In accordance with Vaccine Rule 18(b), petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. On February 8, 2018, respondent filed his Rule 4(c) report in which he concedes that petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, respondent "believes that petitioner's alleged injury is consistent with a shoulder injury related to vaccine administration ("SIRVA"), as defined on the Vaccine Injury Table." *Id.* at 4. Respondent further agrees that "based on the record as it now stand, petitioner has satisfied all legal prerequisites for compensation under the Act." *Id.*

In view of respondent's position and the evidence of record, the undersigned finds that petitioner is entitled to compensation.

IT IS SO ORDERED.
